

May 31, 2021

Welcome to our 2021 Virtual Fair and Live Event.

Although we have been given all clear to hold an in-person event as long COVID -19 restrictions throughout the summer follow the 4 step process by September 2021, it takes many months to get the full fair up and running so we have in place a scaled down event with a Quilt/Car Show, food vendors, some entertainment, Old MacDonald's Farmyard for the young at heart, a few craft vendors, and a small amount of outside commercial vendors.

We want to encourage our traditional commercial and non-for-profit vendors to return in person for 2022, but until then we hope you will consider having a Virtual Booth. We believe last year's participants were happy with their booths and received value as the booths remained active throughout the year for extraordinarily little work. Check out the virtual site @ [www.myfair.ca](http://www.myfair.ca)

See all vendor applications and other pertinent information are attached or visit [www.albernifair.com](http://www.albernifair.com) for applications and rules and regulations.

We hope to see you participate this year and look forward to seeing you again at our fair in 2022.

Sincerely,

*Ann*
