

June 15, 2021

Welcome to our 2021 Virtual Fair and Live Scaled Back Fair.

Although we have been given all clear to hold an in-person event as long COVID -19 restrictions throughout the summer follow the 4 step re start process by September 2021, it takes many months to get the full fair up and running, so we have planned a scaled down event with a Quilt/Car Show, food vendors, some entertainment, Old MacDonald's Farmyard for the young at heart, a few craft vendors, and a small amount of outside commercial vendors and a scaled down midway planned for Sept. 10,11,12th.

We want to encourage our traditional commercial and non-for-profit vendors to return in person for 2022, but until then we hope you will consider having a Virtual Booth. We believe last year's participants were happy with their booths and received value as the booths remained active throughout the year for extraordinarily little work. Check out the virtual site @ www.myfair.ca as it is still active until July 15, 2021.

See all vendor applications and other pertinent information are attached or visit www.alberniafair.com for applications.

We hope to see you participate this year and look forward to seeing you again at our fair in 2022.

Sincerely,

Ann
