

The Alberni District Fall Fair is pleased to present a Quilt and Car Show along a reduced midway and with other virtual events as we “Grow Connections” September 11th and 12th.

One of the Alberni District Fall Fair’s goals and objectives is to engage the community and we hope with this announcement we will be able to achieve this goal. As we all know there has been no special events being held over the last year and a half and we recognize the fair itself takes many months to plan so therefore we will not be able to move forward with a full fair until 2022. In the meantime, with the help of our partners we are pleased be able to try and get back to some sort of normalcy with this event to bring the community together.

We are pleased that one of these partners is the Rainforest Quilters who will oversee the hanging and displaying of the quilts. We are encouraging all Alberni Valley quilting groups and individuals interested in showcasing **a maximum of three** of your quilting projects and hope you will consider letting us showcase them in the basement of the Kinsmen Community Center with a display that we are sure will be fantastic. We intend to not only have quilts hung on the existing wires normally used for our home arts quilts, but other display tables that will be skirted for safety reasons.

We are in the process of building a registration form that will be on our website @ www.albernifair.com soon. There will be no charge to enter. The registration will list all the requirements including how many projects one individual may enter, dates we will need your projects to us by and when they will be ready for pick up again at the conclusion of the event. The fair grounds will have security prior and throughout the duration of the event.

We hope to see your quilt projects at this year’s event.

Sincerely,

Ann
